THE DISCORD OF GODS

By Jenn Lyons

'Everything epic fantasy should be'

- Lev Grossman on *A Ruin of Kings*

Gods, demons and dragons collide in one final epic battle in *The Discord of Gods*, the unmissable conclusion to the critically acclaimed A Chorus of Dragons series that began with *The Ruin of Kings*.

One curse. One man. One destiny. Relos Var's plans to enslave the universe near completion. All that stands in his way is the demon Xaltorath – or so he believes. For Kihrin could still alter the course of this war, despite being caught between these two masterminds. Yet he's playing the most dangerous of games, as he appears to assume his prophesied role: as a destroyer, the sun eater, a mindless, remorseless plague upon the land. All this, while still protecting his allies and those he loves.

But even as Kihrin seeks an eleventh-hour reprieve for the universe, his body threatens to betray him. He's grappling with the aftereffects of a corrupted magical ritual, one that twisted both him and the last dragons. Worse, he's now bound to the avatar of a star - a form that's becoming catastrophically unstable. All of which means he's running out of time.

'A fantastic page-turner with a heady blend of great characters, fast-moving action and a fabulously inventive magic system . . . I loved it' - John Gwynne
